Name of MFG / Org Rep. <input checked="" type="checkbox"/> Check if Contact initiator <Sarah Day 703/549- 1682 >	CESD	
<b>Topic Covered:</b> Note any resolutions and/or additional Actions Required on this Form.		
<p>&lt;Ms. Day called to ask about the status of the ethylene glycol PK review.</p> <p>I indicated that the Agency had completed its review of this proposal and that it was being transmitted to the docket.</p> <p>I also explained that the comment period for the proposed test rule will be extended beyond the current 9/30/97 deadline. This is because the Agency is preparing an amendment to the HAPs proposal to cross reference the new TSCA test guidelines and make available a revised economic assessment that takes into consideration the new 'guidelines. In addition, the amendment will clarify a few points in the original proposal. I indicated that we intend to publish the amendment as soon as possible and that the comment period would be extended to allow sufficient time to respond on the HAPs rule, as amended (i.e., at least 30 days). &gt;</p>		
<b>KEY WORDS:</b> <HAPs, ethylene glycol, HAPs amendment>
